(with C.Kirkpatrick), “Structural Determinants of Inflation Performance in IMF Stabilisation Programmes in Less Developed Countries”. Annual Conference of the U.K. Development Studies Association, Dublin (September 1982).

Theses:

Inflation Structural Change and IMF Stabilisation Programmes in a Semi-Industrialised Economy: The Case of Turkey 1950-1979. Unpublished Ph.D thesis, University of Manchester (1984).

Research Interests:

The economic, socio-political and cultural impact of globalization. The interface between globalization and democracy. The patterns and paradoxes of democratization and democratic politics in emerging societies. Entrepreneurs and democracy. Political economy and identity politics. Islamism and democracy. International context of democratization, human rights issues and the relationship between Europe and its periphery with a specific focus on Turkey-Greek-EU relations. Globalization, the nation state and financial crises in the semi-periphery. Transformation of the state and the politics of regulatory reform. The political economy of Turkey from a comparative perspective: the interplay of domestic politics and global norms. The potential and limits of regional power influence in the new world order with special reference to Turkey’s relations with Russia, the Central Asian Republics and the Middle East.

Membership of Professional Associations:

Middle East Studies Association, International Studies Association, American Political Science Association, European Community Studies Association, Association for Evolutionary Economics, Turkish Political Science Association, Middle East Economic Association, European Consortium for Political Research, Turkish Economics Association.

Number of Citations to Published Work in the Social Science Citation Index:

Around one thousand and four hundred
